Submission and Presentation Deadlines

September 18th is the **submission deadline** for all written reports and essays across all modules. If a module includes a **live presentation or oral examination**, your tutor will provide you with details regarding the **specific date and time slot**. All live presentations and oral examinations will take place during the **week commencing September 21st**.

However, **if the assessment brief specifies a VOP (Video/Recorded Oral Presentation) instead of a live presentation, the submission deadline will be September 18th**.

Please **read your assessment brief carefully** to confirm the assessment format and the relevant submission deadline. It is your responsibility to ensure that you understand the requirements and submit your assessment by the correct deadline.
